DUCHU is a stimulant, and of itself B may fail to effect a cure, but Buchu, when scientifically combined with Bramide of Potassium and other ingredients, produces a sedative effect, and causes a healthy action, thus increasing the powers of digestion, allaying irritation, reducing all unnatural swellings, stopping pain and inflammation and causing the repairs and nutriments in the human body to be greater than the wastes, thus preventing decomposition and decay, and gives nourishment, health and vigor to

My Buchu is good for all diseases arising from excesses; such as Weakness, and Pain in the Back and Legs, Trembling in the region of the Heart, Weak Nerves, Pallid Countenance, Dryness of the Skin, Scrofula, Syphilis, in its many forms, Ulcers, and Tumors. ty of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A.
